

The Regional Chamber of Commerce and Industry in Bielsko-Biała. We actively support business in Podbeskidzie Sub-region.

The Regional Chamber of Commerce and Industry in Bielsko-Biała has been the largest institution of economic self-government in Podbeskidzie, representing the interests of the member companies and the business world since 1990. The mission of the Chamber of Commerce is to represent the business community and co-support the local and regional development of the Silesian Region by undertaking activities for the local entrepreneurship.

Currently, the Chamber of Commerce continues and develops the functions of representing the interests of small and medium-size enterprises in the state institutions and self-government administration institutions, competently trying to cooperate with institutions building the economic image of Podbeskidzie. Today, the Regional Chamber of Commerce and Industry in Bielsko-Biała, associating over 100 member companies, is a thriving organization of economic self-government, actively participating in the development of the city and the region.

The Bielsko-Biała Chamber is also trying to emphasize the role and importance of family-owned businesses, built and developed by successive generations of entrepreneurs. It organizes meetings of Members and supporters of the Chamber in the form of the so-called Entrepreneur Clubs. It publishes "Entrepreneur's Magazine - Podbeskidzie and Cieszyn Silesia". The wide range of services offered by the Chamber of Commerce in Bielsko-Biała also includes the legalization of commercial documents commonly used in international trade.
